RACHEL DOOLEY

Front End Developer

Enthusiastic front end web developer eager to contribute to team success through hard work, collaboration and excellent organizational and creativity skills. Highly motivated to learn, grow and excel in the web development industry.

Work History

2016-11 - Current

SAHM

Self-employed, Hixson, TN

- Entertained, stimulated, and facilitated the growth and development of a very active baby/toddler/preschooler.
- Applied positive behavior management techniques to enhance social interactions and emotional development.
- Maintained effective schedule balance between rest periods, active play and instruction.
- Expanded my design & creative skills by learning fashion design and pattern-making.
- Launched a clothing business to sell my handmade designs and a fashion blog to provide style resources.
- Enhanced my tech skills by learning coding skills, WordPress, and graphic design.

2016-01 - 2016-04

Enrollment Advisor

ITT Technical Institute, Chattanooga, TN

- Met or exceeded enrollment and retention goals consistently.
- Helped students complete applications and navigate admissions processes.
- Provided policy information and maintained enforcement.
- Displayed consistent, positive attitude towards customers, peers and other personnel, even during high-stress situations.

University of Tennessee - Knoxville, TN

Hobbies

While staying at home and raising my son I taught myself how to sew and learned pattern drafting and fashion design skills. I opened an Etsy shop to sell my designs and I started a fashion blog to share my love of fashion and style. I also love using my Cricut machine to make custom T shirts and just about anything else you can think of.
